

GOD'S PROMISE ABOUT TRANSFORMATION

GOD'S MESSAGE

7. All the flocks of Kedar shall be gathered together to you, The rams of Nebaioth shall minister to you; They shall ascend with acceptance on My altar, And I will glorify the house of My glory. 8 " Who are these who fly like a cloud, And like doves to their roosts? 9 Surely the coastlands shall wait for Me; And the ships of Tarshish will come first, To bring your sons from afar, Their silver and their gold with them, To the name of the LORD your God, And to the Holy One of Israel, Because He has glorified you. (Isaiah 60: 7-9)

*Don't ask God what you think is good for you, but ask Him what He thinks is good for you.
(NN)*

In the Bible, God expresses His care to the city, even though the city is wicked. God sent Prophet Jonah to the Nineveh city to ask them to repent. Nineveh city is the enemy of Israel but God still loved them. God asked Jonah, *"Should I not be concerned about that great city?"* (Jonah 4:11). Jonah obeyed God's word and because of that Nineveh city was saved from God's anger.

When the people of Israel were exiled to the Babylonia city which was desecrated, God asked them to bless the city. *"And seek the peace of the city where I have caused you to be carried away captive, and pray to the LORD for it; for in its peace you will have peace."* (Jeremiah 29:7) One person followed God's commands in Babylonia city - his name was Daniel - and because of that, the power of God worked exceptionally in that city. Because of his obedience, Daniel became a powerful man; even lions could not overpower him. He had the power to carry out God's plans for that city until the nation of Judea was freed.

God is really concerned about all the cities and nations, and He has strategies for us to take the cities from the devil's kingdom, so that the cities can enter God's Kingdom. Now He is looking for His people who love their cities and nations and want to fight for their safety. Declare to our nation that God has visited other nations in a mighty ways and that our nation will not be deserted. If we repent, pray, stay united and spread God's word with the ordination from the Holy Spirit, our nation will not be deserted. We will be visited by the power of God and will experience big harvest as promised by God. Let us spread these words, because hearing of God's word will create faith and with faith, nothing is impossible for the believers.

Indonesia is like a field that has turned yellow and ready for a big harvest. Indonesia is ready to experience great transformation. This event is not an empty longing, but a declaration of faith to God's promise. This is not a dream in the noon but a faithful expression of the love and power of God. Through the examination of God's Words, we will arrive at the conclusion that Indonesia has a precondition that matches the great harvest planned by God.

To Indonesia, a special promise was given; God has expressed great longing which brings a definite hope that this nation will be recovered. This was written in Isaiah 60:7-9. Almost 3000 years ago, Isaiah saw a nation. He did not know which nation that was. But from around 200 countries that are present today, this verse matches the nation of Indonesia,

because if we see the characteristics of the nation that Isaiah wrote, the above characteristics match the conditions of Indonesia.

1. *That nation is a descendant of Kedar- Nebaioth:* Indonesia is a nation that has the largest population of Kedar and Nebaioth's descendants in the world. If the people in the Middle East are summed up, the total descendants of Kedar and Nebaioth is still surpassing its numbers.
2. *That nation that has many islands:* Indonesia is a country that has more than 17,000 islands.
3. *The further nation (the nation that is further from Jerusalem is Indonesia):* The end of the earth is Indonesia, because Indonesia is still left out in the term of moment of prosperity; many parts of Indonesia, for example Papua, are still primitive. (According to the God's word in Acts 1:8).
4. *That nation has plenty of gold and silver:* The fact shows that Indonesia has plenty of wealth.

The above verse explains what God will be doing to that country.

- Many Kedar will come to us to ask who that God and that Savior is.
- They will come to your service. They will devout to God or worship the true God.

God's promises about the above transformation explain that God's love is so big and explain what He will definitely do. These times, we have received confirmation from many servants of God who prophesied that God is going to do something exceptional in Indonesia. Amongst these servants of God are David Yonggi Cho, Cindy Jacob, Benny Hinn and George Anadorai.

ESSENCE

God specific promises for the transformation in Indonesia can be read in Isaiah 60:7-9. The descendants of Kedar and Nebaioth will come to God. All of these people will become good people. Disturbance will not happen, the wealth of the nations will flow and Indonesia will rise up and shine for the Glory of God.

REFLECTION

God Promise is pure and definitely fulfilling. Are we also waiting for God's promise to be fulfilled upon our nation?

COMMITMENT

Starting to reflect, believe and speak of God's promise in every opportunity.
