

## **REPORT FROM TCS PRAYER MEETING ON 3RD SEPTEMBER 2007**

Transformation Connections Singapore (TCS) was launched on 11th June 2007 to share and discern what the Lord is doing and desiring to do in Singapore. A vision was given to a member that it was the kairós moment for Singapore to be transformed.

Based on this vision, some church leaders in Singapore initiated a monthly Transformation Connections Singapore prayer meeting on every first Monday of the month, to ask for God's help and guidance to make the transformation happens in Singapore.

They had met twice for prayer meeting since the launching of TCS and the latest TCS prayer meeting was held on 3rd September 2007 in Orchard Towers, Singapore.

Bishop Moses Tay opened the prayer meeting by mentioning that indeed these days are the kairós moment for Singapore. Prime Minister of Singapore, Mr. Lee Hsien Loong announced in his national day's speech on 9 August 2007 that he is looking forward to a "*new Singapore*" or a "*transformed Singapore*" in the next decade. As the light and salt of the world, churches should actually do their parts, a few steps ahead than the government, in the transformation process.

Mentioned also in the prayer meeting were the challenges that TCS faces right now. At the moment, the main challenge that TCS faces is how to make all churches in Singapore have the same vision that transformation is owned by every Christian and every church. It might not be necessary to form a new organization to achieve this purpose as every church and every Christian organization in Singapore can take part in transformation by doing what they are best at. TCS itself will do its roles in the transformation process by connecting & catalyzing all the churches to work together towards the goal of transformation.
