

### **Transform South East Asia Summit 2009**

September 2-5, 2009

Manila, Philippines

Dear friend,

Greetings in the name of Jesus!

We are writing to invite you to join the upcoming Transform Southeast Asia Summit 2009. This summit will be hosted by Transform World Philippines, a network of different Christian organizations in the Philippines with common passion to pursue community, city and national transformation. Transform World is a movement that has its origin in the World Inquiry research that was carried out under the leadership of Luis Bush following the AD 2000 & beyond movement transition. After collecting information from 100 cities in the world, it became apparent that the Church and missions around the world were gripped by the vision of mission as transformation. The Gospel transforms individuals, families, churches, communities, villages, towns, cities and societies so that the peace, presence and power of the Lord is manifest as cultures increasingly reflect the values of the Kingdom of God.

Transform South East Asia Summit 2009 seeks

1. To discover God's transformational agenda for the Philippines and Southeast Asia;
2. To craft a statement that will define national Transformation;
3. To draw out like-minded groups and individuals so we can begin working together towards national transformation;
4. To highlight and celebrate the different models of transformation in the country and in Southeast Asia

The conference will be divided into two parts:

1. **Leadership Consultation** (Sept. 2-3, 2009 - Legend Villas Hotel) – a two-day consultation of 150 high level Christian leaders from business, government, church, education, media, entertainment, military, health, and other key sectors of society. In this consultation, we will spend much of the time in focus groups (sectoral and geographical) to discuss together how to bring transformation across the region in that particular sector of society or community.
2. **Transformation Conference** (Sept. 4-5, 2009 - CCF) – a two-day transformation rally of around 3,000 believers to pray, to listen and be informed, and to connect with others in pursuing community, city and national transformation. In this rally, we will share news of what God is doing in each country in South east Asia so that we can build up a situation analysis, learn from each other, network and draw on resources from each other.
