

4/14 Window Conference Central Asia Almaty, November 13-14

By Tri Budijardo

For the first time in Central Asia a 4/14 Window Conference was held in a local independence church in Almaty, Kazakhstan. More than 120 leaders, youth leaders and children ministry workers attended the event. Some key leaders such as bishops, chairperson of Kazakhstan Evangelical Alliance, and senior pastors from all parts of Kazakhstan among those who were present also some key leaders from Tajikistan and some pastors from Kyrgyzstan and Uzbekistan.

This event was initiated when 5 delegates from Almaty participated in the 4/14 Window Global Summit in Bangkok, October 2013. They were so inspired by the Global Summit and shared the vision to other leaders, in March leading to the commitment to hold 4/14 Window for Central Asia.

Speakers from World Without Orphan (Ruslan Maliuta), Compassion International (Dr. Bambang Budijanto and Tri Budiardjo) and Rev. Gennadiy Mokhnenko, Senior Pastor of Good Changes Church, Mariupol, Ukraine blessed the conference with their inspiring messages. They spoke from their hearts from the Biblical point of view, research based messages and practical ministry perspective. The children also performed very creative and envisioning musical drama which strongly compliments to the Conference in general.

Most participants came up to say that this is mindset change conference, an eye opening and transformational. Commitment to move forward with a new perspective on children and youth is very high.
